

# Disc Fun

STARTS OCT 3rd

## DISC DISCOVERY – INT'L FRISBEE GAMES

**THROW LIKE A PRO!** Disc Sports, are games that use flying discs (also called Frisbees). We'll develop our skills and learn the unique ways that flying discs soar. See discs of different sizes, shapes and densities specially designed for various internationally recognized sports (and even specific throws) from recreational foam to record-breaking rings. Ultimate (a team sport) can be found in high schools and colleges nearby as well as around the world (over 5 million players in the US), and Disc Golf is one of the fastest growing sports (about 5,000 courses in the US). Let's explore these and many other flying disc activities, improve our eye-hand coordination and review competitive strategies. Participants will each get a choice of professional discs to take home and keep, along with a bit of knowledge about the history of flying discs! **IT'S TIME TO DEVELOP OUR SKILLS: LET'S PLAY!**
